
Welcome to the first **Local Launch Club** meeting of the year!

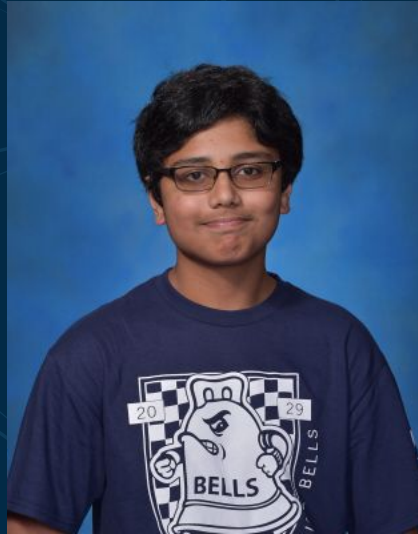

You may take ONE cookie from
the front

Icebreaker: What's your name, grade, and favorite extracurricular?

We'll go first:

Arjun Goli, 10th
Speech and
Debate & getting
money

**Riddhiman
Deshmukh,
10th**

**Abhimanyu
Mitra, 10th**
Speech and Debate

**Hudson
Rondonuwu, 10th**
Robotics

Our Mission:

To serve students and businesses through teaching web and app development to achieve visibility for businesses and skills for students.

We'll teach you to be a MOC (a man of creation):

- A man who creates new things for the world to use
- A man who creates opportunities for others

About our Meetings

Conclusion

Our Year-Long Timeline (Sept 2026-May 2027)

Fall Semester (Weeks 1-16):

Weeks 1-6/7: Website design basics and creation

Weeks 8-9: Website presentations (practice projects)

Weeks 10-14: App design basics and creation

Weeks 15-16: App presentations (practice projects)

Spring Semester (Weeks 17-34):

Weeks 17-22: Entrepreneurial skills with Mr. Dutton (problem identification, business outreach)

Weeks 23-30: Competition project work with meeting support

Mid-April 2027: Competition weekend (judging and presentations)

Remaining weeks: Reflection, feedback, and planning for next year

Feel free to let us know what events you want to have! Our current events:

- Bell Local Launch Cup (\$1,000 prize pool!)**

KAHOOT!

Game Time!

Kahoot! on CS Theory and Entrepreneurship

KAHOOT!

Up Next:

Weeks 1-6/7: Website design basics and creation

- The entire fall semester will be dedicated to website and app design, getting more and more complex to the point where you'll learn to build a website from scratch**

Thanks for coming!
